

ESC BULLETIN

NEWSLETTER No. 2/2007

Message from Chief Editor....

Well here we go...another issue has been prepared.

I trust we can keep you informed of what is happening on the ESC front.

Enjoy the bulletin and let us know what you think!

Another month has passed and work continues at a furious pace in the factory in China to service clients in Saudi Arabia, New Zealand and the UAE. Malaysia continues to hum along nicely and the expectations of a big second half of the year are there. In addition, we are now heading to the UAE on a permanent basis with the factory set up in Abu Dhabi.

We continue to look forward to a dynamic 2007!

In UAE, ESC Al Sharafi Steel, LLC has recruited Lawrence Scully as the Operations Manager in charge of the production for the factory in Mussafah. We expect production to start in the last quarter of 2007. Graham Wright and Lawrence will be building their team for the new factory over the next 2 to 3 months.

Bruce and Mohamed discussing internal layout inside the Mussafah factory.

On the China front ESC is actively sourcing for more employees to cover the demanding workload put on it. Zhejiang ESC Pile Co. Ltd has produced around RM50 million worth of sheet piles so far, this year. Expectations are high that it will in fact crack the RM100 million mark within 2007. Let's hope Vincent Huang (Senior Operations Manager) and his team are able to do the task.

ESC BULLETIN

NEWSLETTER No. 2/2007

ESC NEWS FLASH

ESC recently sent 6 staff to Fujairah, UAE. These staff members headed by Abdul Rashid Bin Buang have been sent to assist our long time client Athena SA with the extra painting requirements for the Fujairah project. The men sent on this mission have assisted the company greatly in the terms of work requirement and relationship with Athena SA.

Danga Bay, JB

ESC has undertaken the extension of the existing sheet pile wall overlooking the Danga Bay, JB for the Public Works Department of Johor. The sheet piles were coated with Jotamastic paint to ensure a long lasting beautiful finish.

ESC entertains projects of all sizes

ESC Projects has successfully installed cut off sheet piles walls in a 2 days job for a bridge project in Jitra, Kedah in support of its contractor, Ahmad Zaki Sdn Bhd. Though the project was small in size, ESC is living up to it's mission to continue to surprise it's customers by providing services far beyond that of its competitor.

ESC Secured its Biggest Single Contract in Malaysia

ESC Projects has been awarded the supply and installation contract for a 1 km long sheet pile wall system by Blackrock Corporation Sdn Bhd . ESC shall supply and install an ESC jagged sheet pile, tiebacks and deadman sheet pile wall for the biggest Police Marine base project in Malaysia.

The procurement of raw material shall start immediately for the in time manufacturing works to take place in September and a scheduled installation work in December this year. This project shall keep the Pontian factory occupied throughout the fourth quarter this year....

RECREATIONAL & SPORTS @ ESCPJ

The ESC Group PJ office has officially announced badminton sports as it's weekly affair beginning from 1st week of June 2007. This is a new beginning to an active lifestyle to be adapted by all ESC staff, hoping that this exercise will also foster better relationship and togetherness, team-working and stress relief. Further down the road we may consider organizing Badminton Tournament, if time permits.
